EXCLUSIVE MOBILE CAMP (SIMIYU)

Serengeti National Park

LOCATION:

The mobile camp has three different locations during the year according to the movement of the wildlife, allowing guests to be located close to the Migration. Offering guests the best experience of a traditional Mobile Classic Safari Camp. Nevertheless the location might change depending on the movements of the Migration.

From December to March the camp will be located on the southern plains.

From May to August the camp will be situated in the central park

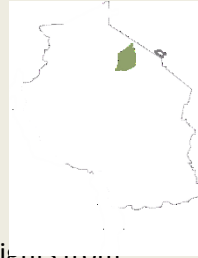

From August to November in the north.

The camp allows guests to be “there” just where the action is during the months of the Migration in Southern Serengeti. Where guests can enjoy the most beautiful African landscapes, the fragrance of the wild and the noises of the nights.
